

# **Innovation HUBs in Texas – San Antonio**

**Hosted by:  
The Vice-Consulate of Hungary, Houston**

**March 31, 2021**

**Presented by:  
Kimberly M. Britton  
Chief Executive Officer  
EPIcenter**

# Who We Are

**EPIcenter** propels energy innovation and thought for our global future with a think tank, incubator and accelerator, strategic partnerships, and critical conversations around energy.

Its vision is to be the hub for energy innovation and thought leadership driving profound global impact.

# Energy Innovation Hub with Global Impact

2015: EPIcenter, a 501(c)(3), nonprofit founded

“EPI” = Energy + Partnerships + Innovation

2016: Employee #1 CEO Kimberly Britton

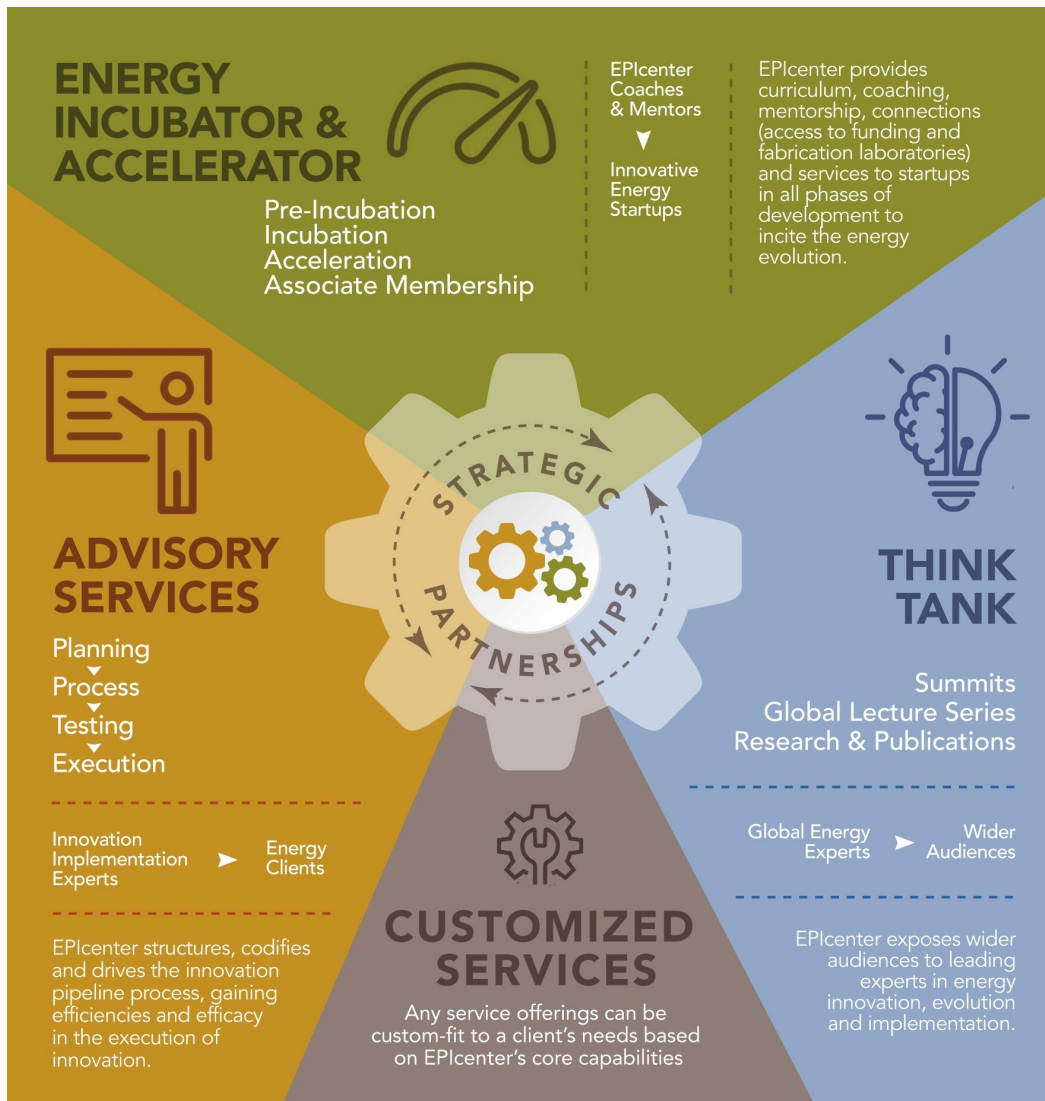

2017: Thought leadership programs launched

2018: Energy Incubator and Accelerator first cohort, launched virtual programs

2019: Consulting practice Advisory Services begin, EEIA admits international clients

2020: 100 percent virtual programming

# What We Do

Focusing on ways  
to make the  
production and  
consumption of  
energy faster,  
smarter, cleaner  
and more  
efficient.

# What We Do
